

Biography and Professional Summary

J.R. Carlson

Executive Director
The Kansas Natural Resource Coalition

Managing Partner
Stillwater Technical Solutions
(620) 260-9169

Mr. Carlson's 26 year portfolio includes work in environmental compliance; Federal administrative policy, analysis, and regulatory affairs; preparation & forwarding of legislation; conduct of technical research; large-scale infrastructure project management; ground-up creation of state associations.

Mr. Carlson maintains a nationally-recognized track record for his ability to merge technical analysis, political strategy and sound, statutory analysis into local and national policy initiatives that affect and re-direct federal decision-making.

His career path includes a track record of success in industry, research, and consulting; he has participated in leadership circles for a number of technical boards and a Washington DC trade association.

Mr. Carlson has been a central figure in the start-up of two state associations and two consulting firms, and he currently holds the title of Executive Director for the Kansas Natural Resource Coalition.
