

## **J.R. CARLSON**

**Kansas Natural Resource Coalition – Executive Director  
Stillwater Technical Solutions – Managing Partner**

Mr. Carlson's 26 year portfolio includes work in environmental compliance, environmental policy, state and Federal administrative policy, legislation, technical research, large-scale infrastructure project management and ground-up creation of state associations. His career path includes a track record of success in industry, research, and consulting; he has participated in leadership circles for technical boards and a Washington DC trade association.

Mr. Carlson has been a central figure in the start-up of two state associations and two consulting firms, and he currently holds the title of Executive Director for the Kansas Natural Resource Coalition.
